DOING WHAT IS BEST FOR THE FUTURE OF CALIFORNIA'S FINANCIAL ENTERPRISE!

Looking for a change? Do you want to make a real difference? Join the team responsible for changing financial management in the State of California.

The Financial Information System for California (FI\$Cal or FI\$Cal Project) is a historic partnership of the Department of Finance, the State Treasurer's Office, the State Controller's Office, and the Department of General Services — to transform the existing budgeting, accounting, procurement, and cash management systems to optimize the financial business management of the State. FI\$Cal will allow the State to operate as a single enterprise for the first time in history.

Join FI\$Cal. With a passion for implementing change and vision for enterprise-wide thinking, you will take a leading role in achieving our goal to bring enterprise resource planning tools and statewide process improvement to the State of California.

THE FI\$Cal PROJECT IS SEEKING MOTIVATED CANDIDATES WITH THE FOLLOWING CHARACTERISTICS:

- ✧ Ability to exercise a high degree of initiative, independence of action, and originality;
- ✧ Ability to learn rapidly, follow directions, and communicate effectively with others;
- ✧ Ability to work unscheduled excess hours if needed to achieve Project goals;
- ✧ Ability to maintain regular, consistent, and predictable attendance.

Candidates must also:

- ✧ Demonstrate good judgment, tact, initiative, and diplomacy;
- ✧ Be highly adaptable – and have the ability to adjust to multiple, changing priorities requiring quick turnaround;
- ✧ Be able to work in a matrix team environment, collaboratively and cooperatively with staff from multiple departments and agencies, and numerous vendors.

DUTIES: Under the general supervision from the Data Processing Manager III, Business Intelligence (BI) Services Manager, the Senior Programmer Analyst (Specialist) works independently and/or in conjunction with matrixed teams as a software developer responsible for Hyperion

application, report development, and maintenance. The Senior Programmer Analyst (Specialist) works on complex applications in accordance with system support, security, and programming standards set forth by the Technology Division.

The Hyperion technical application team using Oracle's Planning and Budgeting software builds, organizes, and manages planning/budgeting components and architecture and integration with other systems. The Senior Programmer Analyst (Specialist) serves as a technical specialist for database design, application and report development, testing, validation and analytical expertise to resolve complex technical problems.

The incumbent ensures adherence to the Project's business and technology vision, goals, and objectives, coordination of activities within the unit, and the applicable responsibilities/activities with the rest of the FI\$Cal team.

WHO MAY APPLY: Current State employees at the Senior Programmer Analyst (Specialist) level, those within transfer range, or individuals who have list eligibility.

HOW TO APPLY: All interested candidates must submit a State Application (Std. 678, Rev. 10/2013) with original signature to the address listed below. **Please write "RPA # F16-028 / Position # 333-300-1583-005" on your application and indicate the basis of your eligibility in the job title section (i.e. Training and Development, List Eligibility, Lateral Transfer, etc.).** Applications without this information may be rejected.
