DOING WHAT IS BEST FOR THE FUTURE OF CALIFORNIA'S FINANCIAL ENTERPRISE!

Looking for a change? Do you want to make a real difference? Join the team responsible for changing financial management in the State of California.

The Financial Information System for California (FI\$Cal or FI\$Cal Project) is a historic partnership of the Department of Finance, the State Treasurer's Office, the State Controller's Office, and the Department of General Services — to transform the existing budgeting, accounting, procurement, and cash management systems to optimize the financial business management of the State. FI\$Cal will allow the State to operate as a single enterprise for the first time in history.

Join FI\$Cal. With a passion for implementing change and vision for enterprise-wide thinking, you will take a leading role in achieving our goal to bring enterprise resource planning tools and statewide process improvement to the State of California.

THE FI\$Cal PROJECT IS SEEKING MOTIVATED CANDIDATES WITH THE FOLLOWING CHARACTERISTICS:

- ✦ Ability to exercise a high degree of initiative, independence of action, and originality;
- ✦ Ability to learn rapidly, follow directions, and communicate effectively with others;
- ✦ Ability to work unscheduled excess hours if needed to achieve Project goals;
- ✦ Ability to maintain regular, consistent, and predictable attendance.

Candidates must also:

- ✦ Demonstrate good judgment, tact, initiative, and diplomacy;
- ✦ Be highly adaptable – and have the ability to adjust to multiple, changing priorities requiring quick turnaround;
- ✦ Be able to work in a matrix team environment, collaboratively and cooperatively with staff from multiple departments and agencies, and numerous vendors.

DUTIES: Under the general supervision of the Data Processing Manager II, Enterprise Security Group (ESG), the Systems Software Specialist II (Technical) (SSS II) acts as a team lead and at the expert specialist level, working on the more complex Information Technology (IT) activities related to information security.

CAREER OPPORTUNITY

The SSS II provides high-level technical and analytical expertise in handling information security breaches, provides expert subject matter assistance in the design and execution of ESG Policies and Programs, and conducts information security training to members of the matrixed organization (FI\$Cal staff, client departments, partner agencies [Department of Finance, Department of General Services, State Controller's Office, and State Treasurer's Office], etc.). The SSS II is also responsible for the more complex duties of designing, implementing and/or validating, appropriate security controls in both new and existing systems/processes that are currently in place or undergoing substantial redesign. The SSS II performs audits on systems and processes to identify vulnerabilities, and makes recommendations to data owners of requirements and applicable statutes, regulations, policies, guidelines, and best practices.

WHO MAY APPLY: Current State employees at the Systems Software Specialist II (Technical) level, those within transfer range, or individuals who have list eligibility.

HOW TO APPLY: All interested candidates must submit a State Application (Std. 678, Rev. 10/2013) with original signature to the address listed below. Please write "**RPA # F15-038; Position # 333-302-1373-004**" on your application and indicate the basis of your eligibility in the job title section. Applications without this information may be rejected. Please do **not** include page 5 (Equal Employment Opportunity questionnaire) of the State Application.

The selected candidate considered for the advertised position may be required to undergo a fingerprint clearance and any offer of employment will be contingent upon live scan fingerprint results.

APPLICATIONS SUBMITTED VIA EMAIL OR FACSIMILE WILL NOT BE ACCEPTED.
